### DETAILED ACTION

1. The reply filed on May 14, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): a) There is no statement that no new matter has been added to the substitute specification; and b) the amendment filed on May 14, 2004 appears to be amending claims that are different from the previous versions (original) of the claims; e.g. there are no element numbers in the prior version of the claims, yet applicant is trying to delete element numbers in a May 14, 2004 version of the claims; furthermore, the original version of the claims refers to "...resolution and color depth..." yet the May 14, 2004 amendment does not have this limitation nor is this limitation either strikethroughed or double bracketed to show its omission. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
